Community Service

The philosophy of service to the community permeates the activities of our club and involves all our members. Service projects are important, productive and enjoyable! Our club is proud of our involvement in many community activities.

Business Contacts

Our members represent a wide variety of businesses in the Fond du Lac area. Getting to know each other will help you appreciate how other businesses operate if you need their assistance or services.

Social Functions

Your attendance at weekly meeting and fund-raising events will develop lasting friendships and provide great camaraderie. To further increase fellowship in our club, social events are also planned such as our annual installation banquet, a family holiday breakfast and a summer picnic. Spouses or guests are recognized by our club and are included in many events during the year.

Leadership Development

A leadership role in our club is not a requirement, only an opportunity. Our club affords every member an opportunity for leadership development. You are encouraged to participate on a committee or you can enhance your leadership skills as a committee chairperson.

In addition, membership on the Board of Directors provides insight into the total club management and operation. A member's leadership skills can be further developed by becoming an officer of the club or by becoming a District or Division officer.
